

Voice Gear Simply Voice Mate

VoiceGear

Introducing Voice Gear Simply Voice Mate, an Internet phone that meets Skype's highest quality requirements. The phone is a proven Skype solution that has earned Skype Certification.

Simply connect this phone into your computer's USB port and you can instantly make/receive Skype calls using the handset. Large LCD display allows you to review Skype contacts, while integrated keypad manages the Skype application and all your calls. Phone rings for all incoming calls and allows dialing Skype contacts and SkypeOut numbers.

With its compact size, the Simply Voice Mate is your ultimate travel companion. Just plug it into any computer running Skype software, and you are ready to make cheap long distance calls to any Skype user or any phone number in the world.

Features

- Unlimited long distance calling in North America with SkypeOut plan
- Dial Skype contacts (speed dial number) and SkypeOut numbers via phone's keypad
- Phone rings for all incoming calls with user selectable ring styles
